Accessibility Statements

WCAG stands for Web Content Accessibility Guidelines. For the products within ReadSpeaker for LMSs ([ReadSpeaker webReader](#), [ReadSpeaker docReader](#), and [ReadSpeaker TextAid](#)), we have WCAG 2.2 AA Compliance Statements on the webpages for each product.

VPAT stands for Voluntary Product Accessibility Template. A VPAT statement is a requirement for US institutions for the tools used. VPAT statements for our products are available on our website and demonstrate our commitment to the highest quality standards for online accessibility of [W3C](#). [WebAim.org](#) is a site we recommend to find out more about online accessibility.

A complete listing of our VPAT and Product statements is found on [this page](#).
